LEST WE FORGET!

Over 2,000 Democratic Precinct Election Boards, 119 Democratic County Election Boards, and a solidly Democratic State Election Board; every one the creation of Mr. GOEBEL, who was instrumental in the following vote cast at the election held in Kentucky on Tuesday, November 7th, 1890.

William S. Taylor..... 193,714

William Goebel..... 191,321

Taylor's Plurality..... 2,383

The Goebel Law is the most fitting monument that GOEBEL could have.

BECKHAM is Governor of Kentucky in name only; TOM CAMPBELL and JUSTUS GOEBEL are "it."

"GOEBELISM" bids fair to break into the Dictionary of the future; and its definition will be anything but complimentary to those who parade under its banner.

It is said that TOM CAMPBELL and DEE ARMSTRONG are to get the bulk of the \$100,000—for discovering so many Republicans who fired the fatal shot that killed GOEBEL.

The Goebel Law being the most appropriate and enduring monument to the late Mr. GOEBEL, his former friends are seeking to destroy it before building a temporary one. Strange they wouldn't leave this work of desecration for the enemies of the King.

WHEN TOM CAMPBELL, JUSTUS GOEBEL and other self-appointed Ohio interlopers get through disciplining Governor MOUNT of Indiana, they may turn their attention to some of the "little Editors" in Kentucky who have dared to denounce robbery as Goebelism.

JO. BLACKBURN, who slobbered over poor JOHN SANFORD and then slobbered over his murderer, shows signs of getting ready to slobber some more. The things that immortalized GOEBEL were the Goebel Law and another assassin; and now that GOEBEL is dead and BLACKBURN has been one of the beneficiaries of that law, he wants it amended. Jo, can read the signs in the stars.

An exhibition of TOM CAMPBELL's vanity and "gall" broke up a banquet at Cincinnati a few evenings since. By some hook or crook he got into an assembly of gentlemen, and was asked by a guest who had been called on for a speech to respond for him. Instead of speaking to the subject he branched off onto a eulogy of Goebelism and Campbellism, and of three hundred guests present at least two hundred left the room.

A SPECIAL from Indianapolis says Governor TAYLOR may take up his residence in Indiana and go into the insurance business. WILLIAM BOSWELL of Cincinnati, District Manager of the Provident Savings Life Insurance Company of New York, has offered him the position of Executive Manager of the Company, with headquarters in Indianapolis, at a big salary. The Governor could make a ten-strike insuring the lives of Kentucky Republicans just now, providing the Company accept the risks.

In a speech at Harrodsburg on August 19th, 1890, the late Mr. Goebel gave as excuse for the infamous law that bears his name, that it was intended to secure a full count of the majority of votes cast for the Democratic ticket. And then he said—

"I believe they are going to be cast that way, and while we have this law upon our statute books I know they will not count that way if they are cast that way."

Mr. GOEBEL might have still declared that the votes would be counted that way even though they were cast the other way. In fact, of this, here's the way the vote stood—

For Taylor..... 193,714

For Goebel..... 191,381

Majority for Taylor..... 2,383

and in further proof, GOEBEL himself had this result set aside and had himself declared the lawfully elected Governor of Kentucky.

Mr. Bert Fisher of Byrd Township and Miss Margaret Ellison will marry Wednesday next at Manchester.

"PAINS in the back and other evidences of a disturbed condition of the kidneys were quickly and thoroughly cured by the use of Doan's Kidney Pills which I got at J. Jas. Wood & Son's Drugstore, corner of West Second and Market streets. There is no reason why ladies should suffer from backache and kindred troubles when such a reliable and effective preparation can be had."

#### MAY GET NO PAY.

Judge W. L. Brown Is Still Holding Sessions of the Circuit Court at London, Ky.

London, Ky., May 31.—Judge W. L. Brown is still holding circuit court in this district notwithstanding Auditor Coulter has said no court claims from this district against the state will be paid until the contest between Judges Wilson and Brown is settled by the Supreme Court.

Wilson received 76 votes at the last November election by that number of voters pasting his name on the ballot. A board of election commissioners, after the election, recommended Gov. Beckham issued his commission, but Judge Brown refused to accept the bench. It is believed by many that these courts being held by Brown are a nullity and that witnesses, jurors and officers will not get a cent for their several months' work.

**ANOTHER FATE VICTIM.**

Little Girl Shot and Fatally Wounded in the Burkhardt and Caldwell Conflict.

Burkhardt, Ky., May 31.—Another onlooker, beaten to death by the Caldwell's, occurred when Teague Burkhardt, a cousin of Wiles Burkhardt, who was killed by Blanton a few days ago, went to the home of King Caldwell and fired into his building. The old structure, a 90-year-old daughter in the shoulder, was hit and died.

Blanton has not been captured, and it is believed he is being concealed at the homes of the Caldwell's, who are relatives of the Blantons. These families once waged a feud and fought desperately. It was in this feud that Washington Caldwell was killed.

**BETTER BREWED IN LAW.**

Greensburg, Ky., May 31.—W. C. Curry, a member of the Greensburg company, is still suffering from a gouty disease, having been stricken with it a year ago. He is a son of Wiles Burkhardt, who, it is charged, mortally struck him with a knife. The knife was plunged deep into Quisenberry's lungs and twice into the back in the region of the kidneys. After the cutting out of the kidney, Quisenberry ran away with a stone.

**Battle With Police.**

Hopkinsville, Ky., May 31.—About midnight the police halted a gang of drunken Negroes at the L. & N. station. The Negroes opened fire and a small battle ensued, 25 shots being exchanged. Two Negroes were injured. Some of the police was hurt, but not from a Negro's pistol bullet. Lieut. Matthews' face was cut.

**GIVEN LIFE SENTENCE.**

**LOG MEN HAVE HOPE.**

Lexington, Ky., May 31.—Log men say there will be a slight rise in the Eastern Kentucky streams as a result of the recent rains. The snows have been broken out. More than one-half the timber cut during the winter is still in the water awaiting a rise.

**BREWERY PROPRIETOR HELD.**

Owensboro, Ky., May 31.—George Walk, proprietor of the Owensboro brewery, was arrested charged with murder in killing his wife. They had been married for 20 years. The wife had been found dead in her bed.

**WOMEN HAVE HOPE.**

# ULL IN RIOTING

Only One Man Shot in the Connection With the St. Louis Railway Strike.

## EFFORT TO RESTORE LAW AND ORDER

The Sheriff Will Call on One Thousand Men to Form a Posse to Carry Out This Purpose.

If This Is Not a Sufficient Force to Restore Peace and Quiet, An Additional Thousand Will Be Called On.

St. Louis, May 31.—All the pent-up fury of the striking employees of the St. Louis Transit Co. and their sympathizers has been vented. The demands for the violent demonstrations and scenes of bloodshed were followed by a pronounced lull. Only one man has been added to the long casualty list, that of Anton Chalupsky, who was shot in the leg by a policeman. Chalupsky was hit while running at the corner of 12th and Emmet streets during the passing of a small-demonstration near by, and Policeman Himese told them to move on. Chalupsky thought he had a right to remain so he placed himself in front of the officers. A second order was given, and when Chalupsky refused, he says, the officer used his baton on him. Chalupsky and his wife then assailed the officer with a stone of brick. One bullet struck Himese in the arm, partially severing him. Himese drew his revolver and fired twice at Chalupsky, wounding him in each leg. An ambulance conveyed Chalupsky to the city hospital, where his injuries were dressed and bandaged.

Public interest in the strike veered to the special meeting of the police board, called for the purpose of devising heroic measures to bring order out of the strained condition of affairs. That meeting adjourned the afternoon and at once decided to call on Sheriff Pohlmann to summon a posse to assist in quelling the disturbances incident to the street car strike, having failed in its efforts to secure 2,500 extra policemen to preserve law and order. The action of the board seems to have been precipitated by the founders in the southern part of the city Tuesday, during the progress of 11 when 100 men received bullet wounds. Sheriff Pohlmann was present and had anticipated such a call and had prepared a list of 600 names, including many of the leading citizens of St. Louis, on whom he will call to serve as deputies.

After the meeting President Hayes, of the board, said the dignity of the city and law both required that all local agencies for the preservation of law and order should be invoked before a demand was made upon the state to send in troops to keep the peace. The commissioners had met and asked the sheriff to summon a posse of 1,000 men for this purpose and the sheriff had promised to secure them by Friday morning, serving process on the railroads. Citizens, 1,000 men for 1,000 men, did not prove effective in the next few days the commissioners would. Mr. Hayes further stated, summon another 1,000 and put down disorder in the city, from whatever source it might come if it took ten times the number of men asked for in the first call.

## CLAIMANTS DISSATISFIED

The State Department Will Probably Accept the Belgian Arbitration Award.

Washington, May 31.—It is probable that the state department will accept the result of the arbitration in the case of the Belgian award of the Mendo hoia, the only American claimants against the Portuguese government, are very much dissatisfied at the outcome of the arbitration, which reduced their allowance from \$1,300,000 to an insignificant fraction of that sum.

Naturally they are anxious that the United States government should refuse to accept the arbitration. But the British government, representing a very much larger claim, has the same arbitration to be shown to sign a disposition to reject the award, and as it would be an unparalleled action for one party to an arbitration to reject the conclusions, the United States government must accept the findings of the Swiss arbitrators in this case, though satisfied of the inadequacy of their allowance.

## Rockefeller Recovering.

New York, May 31.—Ward was re-elected and Mr. D. C. Howell's health was restored from his country residence at Tarrytown that he had passed a restful night and was progressing well toward recovery from his recent operation for appendicitis.

**One Man Killed and Two Injured.**

Pittsburgh, Pa., May 31.—Constantino Giampetro was instantly killed and Daniel J. O'Neil, son of Tom Nolfo, probably fatally injured by the collapse of the walls of an excavation in which the three were working.

# PRETORIA TAKEN

British Enter the Transvaal Capital Meeting with no Resistance Whatever.

## THE BOERS HAD ABANDONED THE CITY

The Enemy's Forces Are Rapidly Dissolving and the War Will Probably Be Declared at an End.

Commandant Kraus Has Surrendered Johannesburg to Lord Roberts—President Kruger Is Now at Waterfall Boen.

London, May 31.—The Daily Mail publishes the following dispatch from the Earl of Rosslyn, who was a prisoner in Pretoria, but who, as a civilian, appears to have been released: "Pretoria, Wednesday, May 30, 11:40 a.m.—Pretoria will be occupied in about two hours without resistance. The president has gone to Waterfall Boen. Burgomaster de Souza is authorized to receive the British. He and an influential committee of citizens, including Chief Justice Gregorowski, has been appointed to provide life and property during the interim of stamps and supplies, with a total salary list of \$4,900."

"Everything is quiet, but crowds are waiting expectantly in the square for the arrival of the British."

"Feared a possible disturbance and bloodshed among the prisoners or war at Waterfall, United States Consul Hay and Leigh Wood insisted upon 30 officers being liberally on parole to go to the men. Their action can not be too highly praised."

"I was permitted to accompany the officers. Everything was quiet."

"The British officer had made a new formal proclamation which the officials will make public, but it is assumed that the press advices are correct."

Most of the London morning papers through the courtesy of the Daily Mail print Lord Rosslyn's dispatch and comment upon it, treating the war as ended. Some of the more cautious critics think that guerrilla warfare is likely to be carried on for some time in various parts of the conquered territories.

The Boer forces are dissolving. Lord Roberts apparently has not yet taken any considerable quantities of artillery, arms or stores. Large bodies of men must still be in the field.

Waterfall Boen, or Waterfall Boen, is 130 miles due east of Pretoria, on the Delagoa Bay railway. It should not be confused with Waterfall, ten miles north of Pretoria, where the British prisoners are. Waterfall Boen is a small place in the interior of the country. The seat of the Boer government—what there is left of it—will probably be Lydenburg, to the north.

Events elsewhere in the field seem to dwindle in comparison. Gen. Hunter re-entered the Transvaal at Maribor on Tuesday. The advanced wagons of the army are now at Waterfall Boen and all the farms are deserted. Yesterday Gen. Hunter reached Geyser with ten day's supplies.

In honor of Decoration day the offices of the United States officials were closed. A national salute was fired at Lai-Shin-Hi-Sien, but the report is not known here. Railway traffic at Pekin has been resumed. The foreign settlement is sufficiently quieted by the Chinese and Japanese troops which have been landed. Consequently the excitement has abated."

Lieut. Col. Burton, inspector general of the division; Mr. Jones, the attorney specially detailed to assist in the investigation, and Audited Kent have arrived here. Lieut. Col. Burton expects to return north almost immediately.

PRINTING OFFICE CLOSED.

Neely Sold to One-Half of the Newly Printing Co. Plant at Muncie.

Muncie, Ind., May 31.—The newly printing Co., which was established by Charles F. W. Neely, of the Cuban, has been sold to one-half of the stockholders of the Cuban. The Cuban is a newspaper of extensive embodiment in that department, was closed by United States Marshal Foley, of Indianapolis, acting on a warrant of attachment issued on the petition of the government. The closing of the establishment throws 50 men out of employment.

London, May 31.—The Daily Express has the following from Bombay: "An unprecedentedly severe epidemic of cholera has broken out in the northern districts of British possessions, especially in the famine campa. The deaths have increased 40 per cent, within three days. In the Kaira district there have been 1,330 deaths in seven days.

"In Poona, on the first day there were 84 and on the third there were upward of 400. The swiftness of the infection was due to the fact that the first death was near the only available water supply.

"In the city of Bombay the deaths were 67 in the last seven days."

Ridout Slightly Improved.

New York, May 31.—There was a rumor current that John Clarke Ridout, who for some weeks has been a patient in the Presbyterian hospital, is improving rapidly. It is reported that, while he is a very sick man, Mr. Ridout is not in danger of death and his recovery is looked for. There has been a slight improvement in his condition within the last 24 hours.

Mr. Rathbone Announces His Intention to Leave Cuba but it is Believed He Will Be Arrested.

The Newly Printing Plant at Muncie, Ind., Closed by the United States Marshal—The Matter Will Be Settled in Court.

London, May 31.—The Daily Mail publishes the following dispatch from the Earl of Rosslyn, who was a prisoner in Pretoria, but who, as a civilian, appears to have been released: "Pretoria, Wednesday, May 30, 11:40 a.m.—Pretoria will be occupied in about two hours without resistance. The president has gone to Waterfall Boen. Burgomaster de Souza is authorized to receive the British. He and an influential committee of citizens, including Chief Justice Gregorowski, has been appointed to provide life and property during the interim of stamps and supplies, with a total salary list of \$4,900."

"Feared a possible disturbance and bloodshed among the prisoners or war at Waterfall, United States Consul Hay and Leigh Wood insisted upon 30 officers being liberally on parole to go to the men. Their action can not be too highly praised."

"I was permitted to accompany the officers. Everything was quiet."

"The British officer had made a new formal proclamation which the officials will make public, but it is assumed that the press advices are correct."

Most of the London morning papers through the courtesy of the Daily Mail print Lord Rosslyn's dispatch and comment upon it, treating the war as ended. Some of the more cautious critics think that guerrilla warfare is likely to be carried on for some time in various parts of the conquered territories.

The Boer forces are dissolving. Lord Roberts apparently has not yet taken any considerable quantities of artillery, arms or stores. Large bodies of men must still be in the field.

Waterfall Boen, or Waterfall Boen, is 130 miles due east of Pretoria, on the Delagoa Bay railway. It should not be confused with Waterfall, ten miles north of Pretoria, where the British prisoners are. Waterfall Boen is a small place in the interior of the country. The seat of the Boer government—what there is left of it—will probably be Lydenburg, to the north.

The White Collar Line boats are all running, notwithstanding the low stage in the Ohio.

The fine sidewheel excursion steamer "Pittsburgh" has been built here. Her newest river craft afloat, is panned in the Muskingum river, and the safety of a portion of the Ohio Valley depends on the successful locking of the steamer into the Ohio river at Marietta. The steamer is fitted out to go to Cincinnati on Saturday morning. It is feared that when the boat is let into the lock chamber the lower gates next to the Ohio river will give way under the strong pressure of water and not only do great damage to the lock and send a ten-foot tide into the river, but will do great damage to the handsome steamer.

To enable the steamer to enter the lock two sets of gates must be opened and the steamer lowered ten feet so as to get into the Ohio river. The weight of the Muskingum river on the lower gates, which are very shaky, and probably would result disastrously to all concerned.

A cough is not a disease but a symptom. Consumption and rheumatism, among the most dangerous diseases, have for their first indication a persistent cough, and if properly treated as soon as this symptom appears, the cure can be easily effected. Dr. Ballard has proven his skillful and successful treatment of consumption and rheumatism by his success in curing the disease in many cases. If it is not helped, it will not cost you a cent. **COUNTY COURT DAY.**

Try the Maysville Markets on Monday Next, the 4th of June.

June County Court is Monday next. The Board of Trade has completed arrangements with Captain Phister for his ferry-boat to be free to all Ohio people that day. This concession to our Ohio friends should show them that Maysville merchants not only have a great stock of goods and at bargain prices, but cater to their custom by offering free transportation. Thus they can come, inspect, and if everything is not as represented they are out nothing—not even ferrage.

Farmers who have produce to sell; dairymen who produce butter; poultry merchants with eggs and chickens; stockmen with horses, mules, cattle, sheep and hogs, a market is in Maysville paying you high prices for all these commodities.

Try Maysville once, County Court Day, June 4th.

**The Most Stubborn Coughs**  
Resulting from an attack of laryngitis or hoarse cold, are easily removed by the following simple remedy: Take a small quantity of the bark of the white pine, and mix it with a few drops of oil of lavender, and rub it over the chest. It will cure all the coughs.

Mr. White went to Cincinnati a few days ago to have his eyes operated on, but his physician concluded it was not advisable at present, so he has decided to sell out and quit business.

He will sell any or all the houses he owns in Maysville—some at cost and some below cost, and on from one to five years time, deferred payments to bear 5 per cent. interest.

## THEN AND NOW!

### LOOKING BACKWARD.

It Helps to Understand Present Conditions in Kentucky.

*Louisville Evening Post, May 25.*

Certain actions will produce certain effects. Greed and lust of power, personal revenge, disappointed malice, have all made their records in history time and again. The story of Titus was a warning to the people of Kentucky of what would follow the offer of a reward, not for the detection of known criminals, but for damning the Republican party? There are other chapters in the history of political crimes as full of instruction as the story of Titus.

11.

On April 14, 1865, at the close of a great Civil War, the President of the United States was shot down by an assassin. That assassin was recognized, he escaped, was pursued and slain, because he refused to surrender. It was not enough that the assassin of Abraham Lincoln had paid the penalty of his crime; partisans had been so aroused that other victims were demanded. Other offenses had been committed that seemed to call for dire punishment. A number of the Southern leaders had spent a good part of the time in Canada organizing military movements, securing funds, taking care of escaped prisoners and doing other things which, while they may have been within the rules of law, made the men in charge obnoxious to certain Northern leaders, who were unable to prevent these operations or to capture these promoters.

There had undoubtedly been in addition to these movements an organization made for the purpose of kidnapping President Lincoln—that is, capturing him and carrying him within the boundaries of the Confederacy. This did not contemplate an assassination nor any violation of the rules of war. It was a movement full of danger to everyone committed to it, and could it have succeeded would have had a tremendous effect, though exactly contrary to that anticipated.

Neither of these movements—the one for the kidnapping of Mr. Lincoln nor the movement organized by the Confederates in Canada—subjected those connected with them to the penalty of death for assassination. They were entirely separate and distinct from the act of John Wilkes Booth, but there was a determined effort made to connect all three and punish the alleged conspirators for the assassination itself.

The reward offered for the capture of Booth was small compared to the reward offered for the capture of Jefferson Davis, Mr. Clay, Mr. Sanders and others. This proclamation of President Johnson corresponds with the act of the Kentucky Legislature appropriating \$100,000, not to secure the man that it was said was known to have fired the shot, but to incite other men obnoxious to party leaders.

The gentlemen named in the proclamation of President Johnson were as innocent of the assassination of President Lincoln as Mr. Johnson himself. They suffered immeasurably by that assassination. Mr. Johnson alone became the beneficiary of the murderous course of Booth. Men arraigned in Kentucky today by the Goebelite leaders for complicity in the assassination of William Goebel were as innocent of any connection with that crime as
